N.B. ALL PRICES ARE ESTIMATED AND SUBJECT TO VAT AT CURRENT RATE

*FOC=Labour free of charge only when motorcycle purchased from us, non-purchase vehicles are usually charged between 1-1.5 hours.

Labour for servicing is dependent on the time needed to adjust any shims and set up the fuel injection system.

Where appropriate, labour figure includes checking valve clearances; adjustments will incur further labour and parts costs.

In addition, your motorcycle may require the following service items to be completed as determined by mileage and/or age of the motorcycle, at extra cost :-

- Lubricate head bearings.
- Replace front fork oil
- Lubricate swing arm bearings, rear hub bearings and axle (only on some models).
- Flush and replace brake fluid

Prices do not include any consumable items or wear items such as brake pads, chains, clutches, discs, tyres etc

Our service prices can only be estimated due to the varying conditions under which each motorcycle is used plus the overall care and general maintenance regimes of individual owners. All prices are subject to increases in manufacturer retail prices, which occur usually once per year. When your motorcycle becomes due for its next service then please feel free to contact us when we can discuss your individual needs and requirements and provide a more accurate estimate. Part numbers and prices are subject to change, please ring if you have any queries. We only do the work that you request and will keep you informed of any problems.

N.B. ALL PRICES ARE ESTIMATED AND SUBJECT TO VAT AT CURRENT RATE

*FOC=Labour free of charge only when motorcycle purchased from us, non-purchase vehicles are usually charged between 1-1.5 hours.

Labour for servicing is dependent on the time needed to adjust any shims and set up the fuel injection system.

Where appropriate, labour figure includes checking valve clearances; adjustments will incur further labour and parts costs.

In addition, your motorcycle may require the following service items to be completed as determined by mileage and/or age of the motorcycle, at extra cost :-

- Lubricate head bearings.
- Replace front fork oil
- Lubricate swing arm bearings, rear hub bearings and axle (only on some models).
- Flush and replace brake fluid

Prices do not include any consumable items or wear items such as brake pads, chains, clutches, discs, tyres etc

Our service prices can only be **estimated** due to the **varying conditions** under which each motorcycle is used plus the **overall care and general maintenance regimes of individual owners**. All prices are subject to increases in manufacturer retail prices, which occur usually once per year. When your motorcycle becomes due for its next service then please feel free to contact us when we can discuss your individual needs and requirements and provide a more accurate estimate. Part numbers and prices are subject to change, please ring if you have any queries. We only do the work that you request and will keep you informed of any problems.
